You can then join your friends for your school day as normal.

What if I need someone during the night?

There is always someone in the House looking after you, whether it is one of our lovely Matrons or Houseparents.

What if I am the first one awake in the morning?

Children stay quietly in their dorms but you could bring something with you such as a magazine, notebook to doodle/draw in or of course your reading book.

Can I bring my own teddy bear and pillow?

Please bring your favourite cuddly friend with you, we all know that a good night's sleep is helped greatly by snuggling up to our favourite bear! And if you have a favourite pillow that just makes the night that much better then please bring that too!

Staying over a weekend

If you are with us over the weekend, please bring in a small amount of pocket money (£5 is more than sufficient) and give it to your Houseparent for safekeeping. Tuck nights are on Saturdays. Children are very welcome to bring some of their favourite sweets which HP's can keep for them. Children are very welcome to join in on Sunday trips but you will be charged for any paid activities that the boarders do.

Medication

Any medicines should be handed to the Nurse or to the Houseparents with a consent form (available from the School Nurse or Reception).
